

PROGRAM: **Diagnostic and Intervention Technologies**
(Standards to be developed for Option A and Option C)

**PROGRAM
CIP CODE:** **51.0900**

DESCRIPTION: The **Diagnostic and Intervention Technologies** program is composed of three options: Respiratory Therapy Technician, Emergency Medical Paramedics and Surgical Technician. Students completing this program will be prepared to participate in teams, solve problems, think critically and implement effective solutions. The program will be designed and delivered as a coherent sequence of experiences using technical instruction, academic foundations, experiential learning, supervised occupational experience, leadership and personal development through the Career and Technical Student Organization, HOSA.

These options will be designed to prepare high school students with the foundations in knowledge and technical skills needed to help prepare them to continue their education toward their chosen option by successfully completing an appropriate postsecondary program. Affiliations with local community college programs can provide high school students with dual or concurrent credit that can be applied toward their postsecondary certificate or degree.

RECOMMENDED PROGRAM SEQUENCE OF COURSES:

**Career
Preparation** The following describes a recommended sequence of courses. All the state-mandated Career Preparation standards are yet to be developed.

The Diagnostic and Intervention Technologies program consists of three options, each of which will have its own set of Career Preparation standards (standards to be developed). In the new delivery system, at least two Carnegie Units will be earned in the Career Preparation sequence of courses.

Option A

Diagnostic and Intervention Technologies Teacher Credentials

The table below contains information on credentials for each of the Diagnostic & Intervention Technologies options. This is a comprehensive list for each of the options but is not exhaustive. As a result of removing certification and licensure requirements from the Career and Technical Education Health Careers teacher certification regulations, the Career and Technical Education Division of the Arizona Department of Education will do the following:

- Monitor of teacher qualifications through the new program Notification of Intent process;
- Include industry certification and licensure requirements in the “Handbook”;
- Provide industry certification and licensure requirements in curriculum frameworks; and
- Send yearly letters to school superintendents and principals providing industry certification and licensure requirement information.
