Glossary:

Adequate Yearly Progress

A measure of school performance as mandated by the federal government in the No Child Left Behind. AYP holds schools accountable for the performance of subgroups, as well as all students. AYP measures school toward the goal of having 100 percent of all students proficient in state standards for reading and math by 2013-14.

Met Percent Tested:

The school or district tested at least ninety-five percent (95%) of its students enrolled at the time of the test administration. Schools and districts must test at least 95 percent of their student in order to make AYP.

Met Test Objectives:

The percentage of students in the school or district that demonstrate proficiency in state standards by passing the AIMS test meets or exceeds the goal for that year. No Child Left Behind requires that Arizona set goals, called Annual Measurable Objectives, for the percentage of students passing AIMS for all public schools and districts in the state. The goals increase over time toward 100 percent passing by 2014. To meet the test objectives, every subgroup in the school must meet the Annual Measurable Objective.

Met Attendance Rate:

The school or district had an attendance rate of at least 94 percent over the first 100 days of the academic year. Schools and districts not serving high school students must have an attendance rate of 94 percent, or show a one-percentage-point improvement over the previous year, in order to make AYP.

Met Graduation Rate:

The school or district had a four-year graduation rate of 71 percent or greater. School or districts granting a high school diploma must have a graduation rate of 71 percent, or show a one-percentage-point improvement over the previous year, in order to make AYP.

2 Current Administrator: This includes the most current information ADE has available, please contact the district directly if you feel this information is in error.

3 Enrollment: These enrollment counts represent a head count of all active enrollments on October 1st of each school year. Please note these counts are not unduplicated counts; concurrently enrolled students are counted as having an active membership in each school they are enrolled. Joint technology schools where students are concurrently enrolled are not included, which may additionally overstate aggregated enrollment figures.

4 Arizona Instrument to Measure Standards (AIMS) if applicable. Data reflects grades 3-8 and 10. The proficiency levels include: Falls Far Below (FFB) the standard, Approaches (A) the standard, Meets or Met (M) the standard, and Exceeds (E) the standard. Mean Scale Scores (MSS). The federal law, No Child Left Behind (NCLB), requires disaggregation in subgroups and ethnicity. NC= Not Calculated. Under the Family Educational Rights and Privacy Act of 1974 (FERPA), no individually identifiable references to students may be made. Therefore, items of data containing information about fewer than ten (10) students have been replaced with NC. Data also provides a two year trend analysis of student performance as required by NCLB. For more information on testing and Arizona Academic Standards go to <http://www.ade.az.gov/AIMS/default.asp>
