∨ School Overview ∨

Mission

Our mission is to provide students with a strong foundation for continual learning. Educators, with parents and community members, work to maximize each student's intellectual and social potential. All classrooms work with basic skills curriculum, integrating subjects within themes and projects. The curriculum is delivered through traditional and multiage settings with opportunities for enrichment in the arts, humanities and sciences.

∨ **Shared Responsibilities** ∨

School

We have an open door policy regarding parent visits. We report to parents through conferences, regular teacher feedback and monthly newsletters. We provide a student/parent handbook, calendar and community information. We encourage community involvement by providing use of school facilities. We provide a safe educational environment and hold standards and expectations high for quality student achievement. We encourage and facilitate continuing, accredited teacher training and education.

Parents

Parental responsibilities include getting students to school on time, properly clothed, rested and fed; reporting absences and providing a written excuse. Parents are expected to be actively involved: Attend scheduled parent/teacher conferences; support their students; encourage regular attendance; monitor regular homework completion and support school discipline policies. Parents with concerns should contact their student's teacher or the principal.

∨ **Transportation Policy** ∨

Bus transportation is provided for all students residing more than one-half mile walking distance from an elementary campus and more than one mile from a secondary school. Transportation is provided throughout the district's 144 square-miles from Jomax Road on the south to Jenny Lynn Road on the north; and 40th Street on the west to 136th Street on the east. Special Education transportation also is provided.

Nutrition and Limited English Proficient Programs

Federal food programs available to eligible² students:

Breakfast - Yes Lunch - Yes Summer Food - No

Limited English Proficient programs³ available to eligible students:

Bilingual - No ESL - Yes ILEP - Yes

² Schools participating in the federal nutrition programs provide meals to all children. Students may be eligible for free or reduced-price meals. Eligibility is based on the federal poverty guidelines.

³ Limited English Proficient (LEP) means having a low level of skill in comprehending, speaking, reading and writing the English language because of being from an environment in which another language is spoken. LEP students are eligible to participate in one of the programs that follow. English as a Second Language (ESL): Students are given daily instructions in English language development and cognitive and academic skills development in English, as well as instruction in the history and culture of the United States and the culture associated with their primary home language. Bilingual: Students are given instruction in and through English and their primary home language to increase dual language proficiency and academic achievement. Individual Language Education Program (ILEP): Each school district having nine or fewer LEP pupils in any kindergarten program or grade in any school shall provide these LEP pupils with either a bilingual program or ESL program or shall provide an ILEP for each of these pupils that provides a plan for meeting the cultural and linguistic needs of the pupil. An ILEP consists of a systematic, individualized program of instruction designed to ensure equal educational opportunities for the pupil by promoting English language development and by sustaining normal academic achievement through the use of the pupil's primary home language for subject matter instruction.

Dropout Rate⁸	NA			12.2%
Status Unknown⁹	NA			7.0%

Students reported as "dropouts" who may have returned to school for the following academic year are not accounted for in this report.

- ⁴ Transfers Out: Percentage of accountable students withdrawing to continue studies in another school or to be taught at home for the 1999-2000 school year.
- ⁵ Transfers In: Within District: Percentage of accountable students entering school who were previously enrolled in another Arizona public school within the school district during the 1999-2000 school year. Out-of-District: Percentage of accountable students entering school who were previously enrolled in another school district during the 1999-2000 school year.
- ⁶ Promotion Rate: Percentage of students promoted to the next grade or who met graduation requirements and received a traditional diploma at the end of the 1999-2000 school year. Percentage includes students who left school at age 22 or who had completed school and received a non-traditional diploma.
- ⁷ Retention Rate: Percentage of students retained at the end of the 1999-2000 school year.
- ⁸ Dropout Rate: Percentage of students counted as withdrawn due to chronic illness, expulsion or dropping out during the 1998-1999 school year, to include activity during the summer of 1998. This rate includes students who were withdrawn after 10 consecutive days of unexcused absences or were coded by the school as "status unknown." The Promotion Rate, Retention Rate, Dropout Rate and Status Unknown Rate may not add to 100% due to the inclusion of summer activity in the Dropout Rate and the Status Unknown Rate but not in the Promotion Rate and Retention Rate. Data for 1999-2000 is not yet available.
- ⁹ Status Unknown: Percentage of students unaccounted for by any method during the 1998-1999 school year. Status unknown students are not necessarily dropouts.

∨ Academic Achievement Indicators ∨

Arizona's Instrument to Measure Standards (AIMS) is a test designed to measure each student's progress in learning the Arizona Academic Standards. Effective with the Class of 2002 (tenth graders in 1999-2000), students must meet or exceed the Standard on the reading and writing portions of AIMS in order to be eligible for a high school diploma. Students in the class of 2004 must also pass the math portion as a graduation requirement. High school students who did not attain "Meets the Standard" or "Exceeds the Standard" in reading, writing or math will have additional opportunities to retake the test in their junior and senior years. Students in grades 3, 5 and 8 will also take AIMS.

∨ Mathematics Education and AIMS ∨

On April 24, 2000, the state Board of Education amended the high school graduation requirements to include the following: "Effective with the graduating class of 2004, the two required math credits shall be taken consecutively beginning with the ninth grade and course content shall reflect Academic Standards preparation for proficiency at the high school level." Parents should verify with the school that their ninth grade students are enrolled in one or more mathematics courses that provide instruction in the state Board-adopted mathematics standards that lead to proficiency in high school. Students who begin the ninth grade during the 2000-01 school year should be enrolled in a mathematics sequence that is aligned to the state's mathematics standards and includes instruction in the concepts and performance objectives that will be assessed by AIMS. The Board's amendment to the high school graduation requirements should not be interpreted to mean that all ninth grade students must be enrolled in any *particular* course. **The Board's intent is to assure that all ninth grade students are enrolled in courses that prepare students for success on AIMS.**

∨ Academic Achievement Indicators ∨

In 1997 and 1998, students in grades 3 through 12 were tested in reading, language and mathematics using the standardized, nationally norm-referenced *Stanford Achievement Test, Ninth Edition* (Stanford 9). In 1999 and 2000, students were tested in grades 2 through 11. The percentage of eligible students tested (%) and the school's percentile rank score are presented below. State percentile rank scores (AZ) are provided for comparison. Also, note that the percentile rank scores for the nation are 50 for all content areas in all grades.

Under the Family Educational Rights and Privacy Act of 1974 (FERPA), no individually identifiable references to students may be made. Therefore, items of data containing information about fewer than five students have been replaced with (**) to protect student privacy. Some columns contain dashes (--) to indicate "not applicable" or "no data available."

∨ Measure of Academic Progress ∨

Arizona's Measure of Academic Progress (MAP) is an indicator of student academic growth from one year to the next. The results are based on the *Stanford Achievement Test, Ninth Edition* (Stanford 9), given in 1999 and 2000. MAP includes only those students who were tested both years in consecutive grade levels at the same school or who started the school year in the same school in which they were tested in 2000. Average student growth over the course of the past academic year is compared to a national average in the table below. One hundred percent (100%) indicates that students in a particular grade level at the school have achieved an average amount of growth compared to a national sample. A percentage greater than 100 percent indicates student growth was greater than the national average.

The MAP is an elementary school (Grades 2-8) indicator only.

∨ School Safety ∨

The purpose of this section is to provide parents information about what the school is doing to promote a safe and orderly environment for learning. The *2000 Comprehensive Health and Prevention Program Survey Annual Report* provides additional information on Health and Prevention Programs, School Safety and Security Measures, Policy Violations and Expulsions at www.ade.az.gov/ResearchPolicy/chapps/.

School-level Efforts to Ensure a Safe and Orderly Environment for Learning

Black Mountain Elementary strives to maintain a school climate which fosters a respect for all and for academic excellence. Black Mountain uses the Make Your Day Program. This program exists to provide a consistent campus management system for all classes. Students are taught schoolwide appropriate behaviors and students are expected to understand and correct inappropriate behaviors. All students are capable of success and making appropriate choices at school will support future achievement.

The Arizona School Report Card was prepared by the Arizona Department of Education using a standardized format to combine information provided by the local school with data compiled from state records. Each school has special strengths and needs, and all schools benefit from the active involvement of parents in their children's education. If you have questions about the report card or need more information, contact the school office. Arizona School Report Cards can be found for all schools at <http://www.ade.state.az.us/srcs/> on the Internet.
