## ∨ School Overview ∨

### Mission

The staff of J.B. Sutton Elementary School and Isaac School District, in partnership with students, families, community members and businesses, is committed to providing a safe, supportive, and positive learning environment in which members of the community reach their highest potential as lifelong learners, in a diverse and technological society.

### Organization and Philosophy

- w Traditional
- w Self-contained Classrooms
- w Team Teaching
- w Departmentalized Classrooms

### Instructional Programs

- w Full-day Kindergarten
- w Gifted Program
- w Century 21 LEAP After-school Program
- w Title I Program
- w Technology Computer Program
- w Structured English Immersion Program
- w Special Education Inclusion Model
- w Kindergarten Family Literacy Program

### School/Academic Goals

- w Our goal is to increase the number of students at or above the 50th percentile in Reading, Math, and Language on the State Standardized Tests from an average of 24% to 33% by the end of 2002-03 school year, as measured by scores on SAT 9 and AIMS.
- w Our goal is to improve the IPT scores of students in Structured English Immersion classrooms by at least one level each year until reaching level F, to be measured by the IPT reassessments. Teachers will receive training on SDAIE teaching strategies.
- w Reading continues to be a top priority for all students. Teachers partner with parents and Intel to promote reading through classroom libraries, Rainbow Readers' Club, Principal's Readers' Club, Reading at Home (RAH), Read-a-Million Minutes, etc.
- w Our goal is to develop and implement a technology plan to integrate reading, writing, math and science with the assistance of technology through Intel and Communities in Schools. An e-mentoring program has also been established with Intel employees.

∨ **Shared Responsibilities** ∨

**School**

We comply with the goals established by the Isaac District School Board which include improving teaching, learning, and enhancing the academic achievement of all students, while providing a safe, secure and attractive learning environment. Teachers work in grade levels using the Stanford 9 analysis data to develop action strategies and target areas needing improvement to help our students meet the AZ Academic Standards. Teachers work in teams to help maintain consistency across the curriculum.

**Parents**

Family members play a major role in helping children learn. Parents are encouraged to participate in the educational process of their children. Parents learn about the state standards and academic expectations at Curriculum Nights, Family Library Nights, Family Math Nights, and the Reading At Home Program (RAH). They are expected to attend school-sponsored activities and help their children at home using specific learning activities designed by teachers to reinforce work being done at school.

∨ **Transportation Policy** ∨

J.B. Sutton School buses students in Kindergarten through second grade. We also bus children for field trips, special services needs (handicapped), Gifted Program, intramural sports and nurse's clothing project (Project School Bell).

## ∨ Indicators of Success ∨

Information provided on this page is based on historical data, primarily from the previous school year, 2001-02.

### 2001-02 School Achievements/Accomplishments

- |   |  |
|---|--|
| <p>W Our school received a technology grant from Intel and Communities in Schools to integrate technology, math and science into the curriculum. Intel employees also serve as mentors and role models to our students and increase their access to technology.</p> <p>W Sutton has fostered an environment that promotes school pride among students. We have student recognition programs such as Student of the Month, Perfect Attendance, 50 Plus on the Stanford 9, Principal's Reading Club, and Honor Roll celebrations.</p> | <p>W Our school participated in the Read-a-Million-Minutes Celebration when our students reached their goal of reading one million minutes. Teachers, students, and parents came to school in pajamas with reading activities planned throughout the day.</p> <p>W Our Niñas Con Destino college bound program for fourth and fifth grade girls encourages them to succeed in school, take pride in themselves and pursue higher education. Girls are exposed to a variety of careers, universities, and female role models.</p> |

| <b>Status Unknown</b> <sup>9</sup>                 | NA     |         |        | 6.0 %  |

**Students reported as "dropouts" who may have returned to school for the following academic year are not accounted for in this report.**

<sup>4</sup> Transfers Out: Percentage of accountable students withdrawing to continue studies in another school or to be taught at home for the 2001-02 school year.

<sup>5</sup> Transfers In: Within District: Percentage of accountable students entering school who were previously enrolled in another Arizona public school within the school district during the 2001-02 school year. Out-of-District: Percentage of accountable students entering school who were previously enrolled in another school district during the 2001-02 school year.

<sup>6</sup> Promotion Rate: Percentage of students promoted to the next grade or who met graduation requirements and received a traditional diploma at the end of the 2001-02 school year. Percentage includes students who left school at age 22 or who had completed school and received a non-traditional diploma.

<sup>7</sup> Retention Rate: Percentage of students retained at the end of the 2001-02 school year.

<sup>8</sup> Dropout Rate: Percentage of students counted as withdrawn due to chronic illness, expulsion or dropping out during the 2000-01 school year, to include activity during the summer of 2001. This rate includes students who were withdrawn after 10 consecutive days of unexcused absences or were coded by the school as "status unknown." The Promotion Rate, Retention Rate, Dropout Rate and Status Unknown Rate may not add to 100% due to the inclusion of summer activity in the Dropout Rate and the Status Unknown Rate but not in the Promotion Rate and Retention Rate. Data for 2001-02 is not yet available.

<sup>9</sup> Status Unknown: Percentage of students unaccounted for by any method during the 2001-02 school year. Status unknown students are not necessarily dropouts.

## ∨ School Honors ∨

## ∨ Academic Achievement Indicators ∨

Arizona's Instrument to Measure Standards (AIMS) is designed to measure student achievement of the Arizona Academic Standards. Effective with the high school Class of 2006 (eighth graders in 2001-02), students must "Meet the Standard" or "Exceed the Standard" on all portions of AIMS or pass an AIMS Equivalent Demonstration (subject to approval by the state Board of Education) in order to be eligible for a high school diploma. High school students who did not attain "Meets the Standard" or "Exceeds the Standard" in reading, writing and mathematics will have additional opportunities to retake the test in their junior and senior years. Students in grades 3, 5, and 8 also take AIMS.

## ∨ Mathematics Education and AIMS ∨

On April 24, 2000, the state Board of Education amended the high school graduation requirements to include the following: "Effective with the graduating class of 2004, the two required math credits shall be taken consecutively beginning with the ninth grade and course content shall reflect Academic Standards preparation for proficiency at the high school level." Parents should verify with the school that their ninth grade students are enrolled in one or more mathematics courses that provide instruction in the state Board-adopted mathematics standards that lead to proficiency in high school. Students who begin the ninth grade during the 2001-02 school year should be enrolled in a mathematics sequence that is aligned to the state's mathematics standards and includes instruction in the concepts and performance objectives that will be assessed by AIMS. The Board's amendment to the high school graduation requirements should not be interpreted to mean that all ninth grade students must be enrolled in any *particular* course. **The Board's intent is to assure that all ninth grade students are enrolled in courses that prepare students for success on AIMS.**

## ∨ Academic Achievement Indicators ∨

Since 1997, students have been tested in reading, language and mathematics using the *Stanford Achievement Test, Ninth Edition*, a standardized, nationally norm-referenced test. Since 1999, all students in grades 2 through 9 have been tested using the Stanford 9, though other grades have been tested in the past (grades 10-12 in 1997 and 1998, grades 10-11 in 1999 and 2000, and grade 1 reading in 2001).

The percentage (%) of eligible students tested and the school's percentile ranks are presented below. State average percentile ranks (AZ) are provided for comparison. Note that the average percentile ranks for the nation are 50 for all content areas in all grades.

Under the Family Educational Rights and Privacy Act of 1974 (FERPA), no individually identifiable references to students may be made. Therefore, items of data containing information about fewer than ten students have been replaced with (\*\*) to protect student privacy. Some columns contain dashes (--) to indicate "not applicable" or "no data available."

∨ **Measure of Academic Progress** ∨

Arizona's Measure of Academic Progress (MAP) is an indicator of student academic growth from one year to the next. The results are based on the *Stanford Achievement Test, Ninth Edition* (Stanford 9), given in 2001 and 2002. MAP includes only those students who were tested both years in consecutive grade levels at the same school or who started the school year in the same school in which they were tested in 2002. A student achieves One Year's Growth (OYG) if he or she remains in the same Stanine<sup>9</sup> or advances a Stanine from one year to the next. The percentage of students achieving OYG at the school is reported below.

<sup>9</sup> Stanines are normalized standard scores that range from a low of 1 to a high of 9, with 5 designating average performance. National Stanines, like National Percentile Ranks, indicate a student's relative standing in the national norm group (Source: Harcourt Educational Measurement).

**The MAP is an elementary school (Grades 2-8) indicator only.**

∨ **School Safety** ∨

The purpose of this section is to provide parents information about what the school is doing to promote a safe and healthy learning environment.

**School-level Efforts to Ensure a Safe and Healthy Learning Environment**

We require visitors to sign in before entering the campus and wear visitor badges. We require and enforce a district uniform policy. We have strong discipline procedures that mandate predetermined consequences for specific offenses. The procedures are communicated to the students and parents so that the students know and follow school rules. We implement high student self-esteem practices by acknowledging positive student behavior. Accomplishments of the students are visible to the public.

The Arizona School Report Card was prepared by the Arizona Department of Education using a standardized format to combine information provided by the local school with data compiled from state records. Each school has special strengths and needs, and all schools benefit from the active involvement of parents in their children's education. If you have questions about the report card or need more information, contact the school office. Arizona School Report Cards can be found for all schools at [www.ade.az.gov/srcs/](http://www.ade.az.gov/srcs/) on the Internet.
